Summary

Final-year B.Tech Computer Science student with hands-on experience in React.js, Next.js, TypeScript, Node.js, Express.js, and MongoDB. Skilled in developing responsive web applications, REST API integration, and full-stack development. Experienced in building scalable application modules, automation workflows, and user-centric interfaces. Passionate about solving real-world problems through technology.

Education

KCC Institute Of Technology And Management
Btech (Computer Science & Engineering) 2023 - 2027

• Technical Courses: Analysis and Design of Algorithms, Data Structures & Algorithms, Operating Systems Database Management Systems, Problem Solving, Computer Networks,Machine Learning, OOP

Technical Skills

Languages: C++, JavaScript
Frontend: HTML5, CSS3, React.js, Next.js, Tailwind CSS
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL
Tools: Git, GitHub, VS Code, Postman
Deployment & Hosting: Vercel, cPanel

Projects

Drone Detection - Github Link | Python, YOLO, OpenCV, Deep Learning
- Developed a real-time drone detection system using YOLO for aerial object identification and tracking.
- Implemented image preprocessing and object detection pipelines for surveillance applications.

AgeWellDiet - Github Link | MongoDB, Express.js, React.js, Node.js
- Developed a full-stack diet recommendation platform using the MERN stack to provide personalized nutrition plans.
- Built responsive user interfaces and integrated backend APIs for user profile management and meal recommendations.

Auto-Trust - Github Link | MERN Stack, Blockchain, AI
- Built a secure contract and transaction platform that enables freelancing, renting, and lending agreements without relying on manual trust.
- Implemented AI-generated contracts, digital signatures, escrow payments, blockchain-based record storage, and AI-powered dispute resolution for transparent and tamper-proof transactions.

Experience

Software Engineering Intern | TektonTech Solutions **Aug'26-Present**
- Developed responsive application modules using React.js, Next.js, and TypeScript, focusing on dashboard functionality, user management, and UI consistency.
- Integrated APIs, database connectivity, and n8n-based email automation workflows.
- Implemented dashboard features, user authentication, profile management, and UI enhancements.

Software Engineering Intern | DigitalBuzz Pvt. Ltd **Aug'26-Present**
- Developed and enhanced responsive websites using React.js, Next.js, and Tailwind CSS.
- Implemented reusable UI components, animations, and interactive features.
- Collaborated on debugging, frontend optimization, and application development.

Event Management Team Member | AI Community **Sept'24-Present**
- Coordinate workshops, hackathons, and community engagement activities.
- Assist in planning and execution of technical events and networking sessions.
- Collaborate with team members to ensure smooth event operations and participant experience.

Drone Technology Intern & Trainee | India Space Academy | Certificate **Jan'26 – Feb'26**
- Completed training and internship activities under the Winter Training Programme on Advanced Drone Technology.
- Gained exposure to drone systems, applications, and emerging aerospace technologies.
- Participated in technical learning sessions and practical assignments.

Positions of Responsibility

- Chapter Head, OSCode (2024–2025) **Certificate** – Organized technical events, workshops, and coding community initiatives.
- Track Head, Innova 2024 (GDG Event) – Coordinated a technical track and managed participant engagement during the event.
- Gen AI Hackathon Mentor, AI Community **Certificate** – Mentored participants on project development and problem-solving during a community hackathon.
- Event Management Volunteer, GDG Gurugram – Assisted in organizing developer community events.

Achievements

- Ranked among the Top 25 teams in the internal college selection round of Smart India Hackathon (SIH) 2025.
- Successfully completed the Winter Training Programme on Advanced Drone Technology, India Space Academy.
- Mentored participants during a community hackathon, supporting project development.
- Participated in multiple national-level hackathons and innovation challenges.
